

CYNTHIANA NEWS.  
CYNTHIANA, KY.

THURSDAY, MARCH 11th, 1869

A. J. MOREY, Editor.

Democratic, Right or Wrong.

THE NINETEENTH YEAR.

This is the second number of the nineteenth volume of the "Cynthiana News." The initial number was issued about the 1st of September 1850, and has continued to make its appearance on every Thursday morning since, except when the Federal shoulder-strapped gentry had unlawful possession of this country, for the purpose of flattery and pampering the people, in the name of liberty; then, with their myrmidons and mercenaries, they suppressed our paper and destroyed our office, for which they shall have our unconstrained contempt during the balance of our existence. But we are proud to say that our banner is again floating to the breeze in spite of blue-coated Federals without and traitors within the camp, and it will continue to be issued as heretofore. The paper has always received a good support from its friends and constituency, and none ever had a more faithful or better, and its editor is ever ready to acknowledge his indebtedness to the people for their support—and he proposes to improve his establishment and paper as fast as his means will permit. Although poor, and made so by robbers, the editor don't propose to enrich himself by begging contributions from his fellow citizens, but intends to make it by energy, industry and perseverance. The "News" will continue as heretofore, to adhere strictly to the interests—politically and financially, of the people of this country. Our principles are well known, and it would be unnecessary to refer to them here. We have added to our office a splendid new job press, and a fine assortment of fancy type, to meet the wants of our friends; and now hoping that Cynthiana "will grow in stature and in grace."

"We give our hand to all our race,  
Our altar freedom's soil;  
We say our say, and bow our knee  
Alone, alone to God!"

"Barrett's" warranted hair restorative.

"We take the following from one of the St. Louis papers:

A STRONG HORSE.—In these days of fuel oil and other adulterations, the important question with consumers of whisky is, where to get the pure article. Bourbon is a brand only to be named to be commended. We were aware, to some extent, of the rapid progress of business, and of the increase of business capacity in St. Louis, but we confess to surprise, on entering the extensive establishment of Harris, Franklin & Co., No. 16 South Main street, under the Merchants' Exchange, in the room formerly occupied as the Corn Exchange Bank, to see the immense stock of Bourbon they have on hand. We could not resist the invitation of the gentlemanly proprietors to test its quality, and having done so, are fully prepared to recommend those who wish pure Kentucky Whisky to call on this enterprising firm before purchasing. We learn that their business arrangements are such that they can furnish any quantity, from one to five hundred barrels. Indeed, a larger order would not exhaust their resources. John A. Bladen, the junior partner, resides in Kentucky, and being thus in the center of the producing region, can supply the orders of the house on the shortest notice. He has at his command unlimited means, and is thus prepared at any moment, to take out of bond any amount of the article that may be called for.

The Kentucky Woolen Mills which were carried on in Covington, have been sold to Mr. Gray, for \$14,000, and the machinery will be taken to Piqua, Ohio.

The Lexington Gazette says a shock of an earthquake was sensibly felt in that city on Saturday night last. It seemed to proceed from the southwest to northwest, and was accompanied with a rattling sound and a sensible oscillation of the ground.

We are strongly of the opinion that our friend, Gratz, was very sensibly mistaken—or else he must have dreamed of an earthquake.

The Carlisle and Maysville railroad question is still agitated.—Lex. Observer.

We should rather think it was when we offer to send you 10,000 bushels of coal next winter at 15 cents, you'll be agitated too.—Maysville Bulletin.

We propose to get coal from Claysville for 15 cents per bushel, and only build a pike.

A NEW DISTILLERY.—Mr. T. J. McGibbon and Brother, have built a new and large distillery near Fair Station, in this county. It is said to be the best in Kentucky. Its capacity is about equal to fifteen hundred bushels per day, but we understand that not more than four hundred will be made. It is 70 feet long and 40 feet wide, and three stories high. Its machinery is new, and is now running in splendid order. J. & E. Greenwald, No. 218 East Pearl street, Cincinnati, furnished and put up all the machinery—steam engine, boilers, &c., and they have in the performance of this job, proved themselves worthy and meritorious mechanics. The Messrs. Robson, of Cincinnati, done the copper work, and the DeBus Company made the tubs—some of which are the largest in the world. Mr. Fairbanks furnished the scales, of which there are quite a number. This distillery is better directed in every particular than most of our whisky mills, and will make a clean and pure article. In this establishment, corn screens have been introduced, in which all the dust and all else except the corn itself, is thrown out of the mash. Old distillers assert that corn should be cleansed of all impurities to make a pure article of Kentucky whisky—and this is the kind which the McGibbon Brothers propose to make. We hope they may succeed.

The first-class use "Barrett's."

Messrs. Dills & Ziler, will start their new distillery, in a few days. They have a very substantial establishment, with very good machinery. Droge & Co. of Covington, furnished the iron works to the concern, and the DeBus Co. made the tubs and cooperage. The Messrs. Robson made the copper work. It is a complete distillery with one run of stone, and has the capacity to mash 200 bushels of corn per day. Dills & Ziler are energetic, worthy men, and we hope they may be successful.

Old men use "Barrett's."

A new county, to be called Menifee—in honor of Richard H. Menifee—has been formed out of parts of Morgan, Wolfe, Bath, Powell, Estill Magoffin counties. The county seat is not yet selected. It will be called Frenchburg, in honor of Judge French, formerly a distinguished Kentucky congressman.

"Barrett's" produces but one shade.

Here is something to charm, amuse, and instruct the boys and girls—a new number of an old and entertaining friend, Demorest's Young America for March, 1869. Pictures, stories, puzzles, philosophy games, rebuses, and countless other subjects are presented in the most fascinating way to interest the young folks, who, after once peeping into this marvelously good book, we are certain, will not wish to lay it down until every word has been read, every puzzle tried, and every picture examined. Hurrah for Young America! \$1.50 per year; publication office, 528 Broadway, New York.

"Barrett's" is not a dye.

The New York Tribune says the reason why Plantation Bitters are so generally used is owing to the fact that they are always made up to the original standard, and of pure material, let the price be what it will. The Tribune just hits the nail on the head, for Plantation Bitters are not only made of pure material, but the people are told what they are made of, as the recipe is wrapped around each bottle. Don't go home without a bottle.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

This is the last winter month, and with its departure all our hopes for ice disappear.—Cynthiana News.

Bring your mint, sugar, &c., to Maysville, and perhaps we can supply the deficiency.—Maysville Bulletin.

You bring your ice, mint, and sugar, and we can furnish the deficiency, because we made more of it in Harrison county than in Mason. How is that, Henry?

The residence of Green B. Mallory, situated on the waters of Eagle Creek, Scott county, was entirely destroyed by fire on Tuesday last, the second inst. Everything which the house contained was burned except two bedsteads. The loss is about fifteen hundred dollars.

Kentucky Cigar and Tobacco Works, 404 & 406 Main street, Covington, are manufacturing some of the best brands of smoking tobacco, such as Gold Leaf, Killbuck, and of all kinds of cut and dried tobacco. Also the brand of fine cut chewing tobacco. They also manufacture Havana and Connecticut cigars. Dealers in tobacco will do well by giving them a call before buying elsewhere. Remember the place, 404 & 406 Main street, Covington, Ky.

A friend who has traveled in Germany, reports the following fact, for which we vouch: During the summer, Dr. J. D. Ayer spent some weeks at Dresden, in conference with the scientists of Central Europe, where he was regarded as the inventor of the wonderful medicine that bears his name, and considered one of the American celebrities. While riding one day, his open carriage fell in with the carriage of the King of Saxony, on a drive from the city. The King soon became the chief attraction, and received the marked attention of the people, who were even more demonstrative in their courtesies to him than to the King himself, whom they see so constantly. King John, observing this, expressed his indignation to this old monarch's people.

A Malarious Month.

March, that gives us a new President, is also the malarious month of many harassing disorders. Enlarged in its legs are the seeds of congestion, and of that alteration of rigidity and fire, more widely known than adriatic, called fever and ague. The only way to avoid these "little unpleasantnesses," is to render the system strong enough to fight off the atmospheric poison that produces them, and the best way to do this is with HOSTETTER'S STOMACH BITTERS.

If a wayfarer were credibly informed that a villain was waiting at the next corner, he would doubtless turn in his tracks, and take a safer route to his destination. With just about the same amount of trouble the attacks of diseases prevalent at this season, may be avoided. No traveler, however, will be less for drug stores, for in every one's route, and every respectable druggist in the Union keeps on hand Hostetter's Bitters. The article is a staple of trade, and it would be a disgrace for a grocery, where our sugar, as the store of a neighborhood, without this popular tonic remedy.

In view of the experience of the nation with regard to the article, during the space of twenty years, it seems almost unnecessary to recapitulate its merits to Americans. But as our population is increasing at the rate of a couple of millions a year, in the natural way, and by immigration, and as well to hint to the rising generation and new arrivals, (the old settlers know all about it,) that Hostetter's stomach Bitters is the most wholesome and potent vegetable tonic ever manufactured, that it is a specific for indigestion, dyspepsia, biliousness, and malarious fevers; that it prevents, as well as cures, these ailments and their complications; that it is not "bad to take," and is absolutely harmless.

**Mr. Perry Forsy** sold a fine brown mare to N. W. Frazer, last week, for four hundred dollars.

**A friend** of ours has requested us to say that unless the people along the road leading from Broadwell to Jacksonville, make some effort to build a pike, that other people will hardly build it for them.

**The new distillery** of Peck, Vanhook & Co., started up last Monday.

**We have been informed** that the Legislature of Kentucky, has legalized the vote of our people in this county, taken in November last, on the turnpike question, and that \$750 per mile will be given by the country on all pikes, where sufficient is subscribed to insure its completion, with the money which will be given by the county.

— Best quality of Silk Hats at the Stone Front, for five dollars.

**We published** last week a statement to the effect that Mack, Richie, the young outlaw, had been captured. We learn that the rascal is still at large, and is in the county where he committed the murder, running between the bush and a distillery thereabouts. He should be caught.

**Turnpike Meeting.** The friends of turnpikes, and especially those interested in the Claysville and Oldville Pike, will hold a meeting at Oddville, on Saturday, March 6th, at the school house in that place. The meeting will be called to order at 11 o'clock.

**We are prepared** to print horse bills and horse cards, and circulars of every description, in the neatest style, and at the cheapest rates. Call at the News office early.

**Thomas Cook**, of this county, sold a pair of oxen in Paris, last Monday, for \$164 cash.

**New Music.**—Mr. Louis Tripp, of Louisville, will accept our thanks for two pieces of new music—one a beautiful waltz, composed by Leon, and called the "Velocipede." It is dedicated to Miss Rosa W. Green. The other a ballad by Miss Mulock. Music by Lady John Scott.

**Jacob Renaker, jr.** and Mr. Richie, have formed a co-partnership in the butchering business, and will carry it on extensively. We take pleasure in recommending them to our friends as worthy of their patronage and respect, and hope they may sell excellent beef cheap, and we believe they will.

— Best quality of Silk Hats at the Stone Front, for five dollars.

**Gone West.**—Dr. A. M. Crow left his home in this county, last Monday, and has gone to Missouri, to locate, and make new friends. He is a gentleman and a good physician, and is worthy of the confidence of the good people of Missouri.

**R. R. Crawford**, "one of the faithful," from Virginia, has purchased the grocery store of W. T. Burns, where he will hold forth in a new business. Mr. C. is welcome. Mr. Burns has received a commission from Mr. Rollins, and will soon enter the "whisky ring," where we hope he may be as lucky as he would wish.

**Dr. Zatin Cushing**, a citizen of Covington, and a member of the Common Council of that place, died last week. He was a gentleman highly respected.

**Marshal Thompson**, of Covington, who was shot by a thief, died last week. One Thomas McLane and his brother-in-law, of Newport, were arrested for the murder, and are now lodged in jail at Covington.

**It is said** that in some parts of Clark county, in this State, the grasshoppers exist in countless myriads, covering whole fields like the lice of Egypt.—Exchange.

**If this is true**, it will be the first grasshoppers we ever heard of in the winter.

— Best quality of Silk Hats at the Stone Front, for five dollars.

**Lair's Station** is four miles south of Cynthiana, on the Central Kentucky railroad, in Harrison county. It is just now peculiarly a thrifty place, and from present indications, will continue its headlong career until it will be equal to towns and stations at this time much more pretensions.

**The average receipt** of freight there amounts daily to 195,000 lbs. per day, or one million pounds per week.

**Captain A. K. Lair**, is the agent, and is a good business man.

**There are three distilleries** in operation near that station now, and a fourth one will be started in a week or two.

**G. R. Sharpe**, is making "pure copier" whisky at his establishment. J. H. Lair is making seven barrels per day at his new straight-copper house. T. J. Megibben & Brother will mash 400 bushels of corn in their new house—and in the old establishment they are running the same amount.

**These Lair Station people** are very thrifty, and none are more energetic. Property has gone up very high, and none can be bought near there for less than \$200 per acre.

## PUBLIC SALE OF STOREHOUSE AND DWELLING.

I will sell at Public Auction in Cynthiana, on the 8th day of March, at 10 o'clock Court day, at 2 o'clock precisely, a Storehouse and Dwelling, in Connersville, situated about six miles west of Cynthiana. Sale without reserve.

JAMES K. MEGIBBEN.

March 4-11

**Mrs. Richard Jamison** is about to build a new house, on the site of the one that was burned.

**Versailles, Ky.** has thirty-five marriageable young ladies, forty-four widows, and five old maids.

**The Leesburg and Oxford turnpike** is certain to be finished, as we are informed that the people in that section are subscribing to it liberally.

**Joel Anderson's** old distillery, is being run this year by Redman & Matthews. They make pure copier whisky.

**Our excellent friend**, George W. Ranck, Esq., the sprightly editor of the Lexington Observer and Reporter, called on us last Monday. He was looking handsome and well.

**H. W. Rose & Co.** on Main street, opposite the Court House, offer for sale (at a loss) as low as 10 cents per bushel, all wood cases, more suits, from \$15 to \$22, union cases, more suits, from \$10 to \$15; other goods as low in proportion.

**BERRY'S STATION.**—Mr. I. N. Lair informs us that his people are mashing 200 bushels per day, and they are making a big run. We are pleased to hear of their prosperity.

**We understand** that most of the distillers in this county, and in Kentucky, are of the opinion that the government is better disposed towards them than towards those of any other State. This we learn is because the people of Kentucky are honest.

**On Friday evening** last, while Alexander Bryant, colored, was drawing a pistol from his pocket, it went off, the ball taking effect in his thigh, inflicting a serious wound.

**Harvey Rowland** having purchased the Southern Hotel in Lexington, desires to sell the lease and furniture of the Harrison Hotel, in this city. It is well located, and worthy the attention of those going into the hotel business.

**We would call** the attention of the public to the fact that our young friend, Leslie Day, is the authorized agent for the Cincinnati Enquirer, in this city. Those wishing a good old Democratic paper should call on him.

**Colonel Robert McKee**, formerly of Kentucky, who has been editing the Selma, Ala. Times for several years, has sold out his interest in the paper to M. J. Williams, its former proprietor.

**BIRTH.**—To the wife of J. O. Day, on February 12th, a daughter, 124 May.

**Last Sunday**, Mr. Robt. Bishop and Jno. M. Birch, took a shot at each other, on the turnpike leading from Leesburg to Newtown. No one was hurt. We did not learn the cause of the difficulty. Birch used a shot gun, and Bishop a pistol.

**We learn** from our friend, Lowe, of Pendleton county, that the people thereof, are advertising for bridge contractors, and intend to go ahead and put up immediately their bridges over Licking river. The people of Pendleton have some enterprise. In this county we need at least four more bridges. One at Lair's, one at Cynthiana, one at Claysville, and one at Robertson's Station. Shall we have them? We intend that one shall be built at the foot of Pleasant street, in this city.

**If J. L. Grubb, Esq.** will consent to become a candidate for the office of Mayor, at our April Election, he will be warmly supported by
